

# Spend less Design more

**The market, tomorrow.**  
A cohesive, multi-disciplinary approach

*Enable rapid delivery of higher quality and customized designs while reducing costs with the most accessible, flexible, and affordable solution!*

## Introducing the X3 Engineering Bundle SMB Collection

X3	Expand and Grow
NX Manufacturing	Manufacturing
Mechanical Design	Mechanical Design
Xcelerator Share	Collaboration

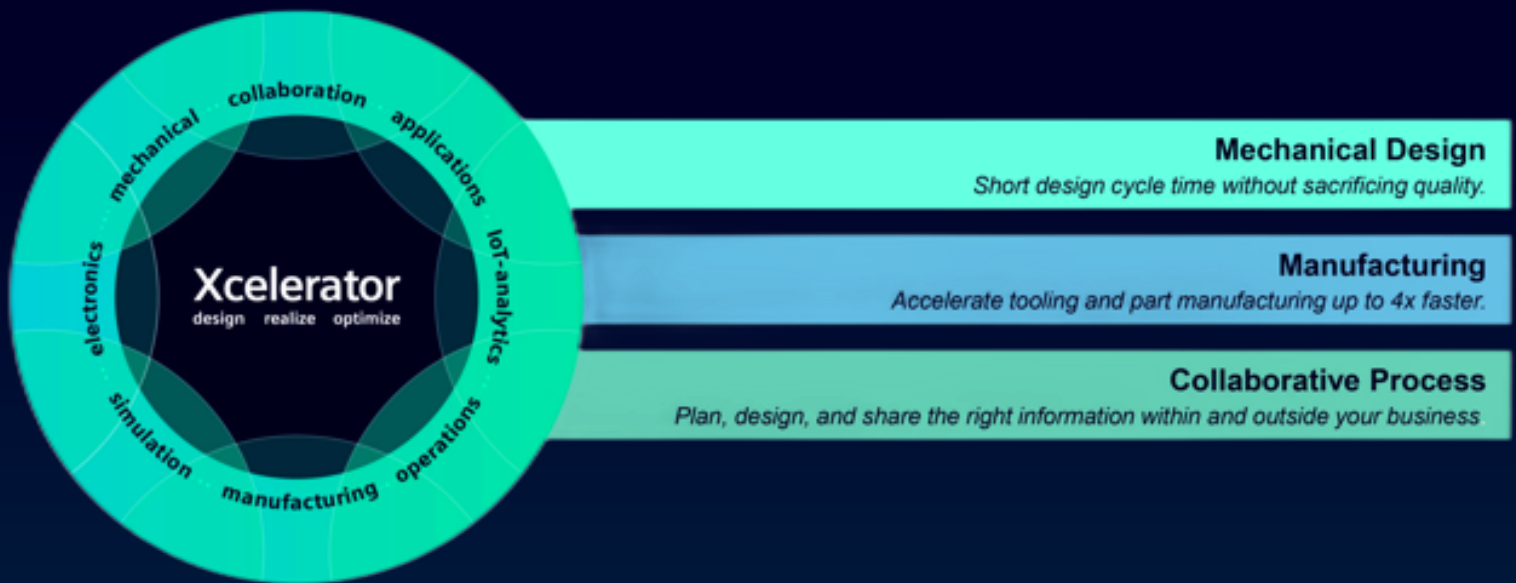

## WHAT IS THE SMBX3 ENGINEERING BUNDLE?

The Siemens Engineering and Manufacturing Collection Bundle is a cost-effective product engineering software suite for small and medium businesses (SMBs). The integrated toolset lives on a single, integrated, multi-disciplinary platform and brings a token pool of advanced applications to your product design, engineering, and manufacturing process - all while allowing your business the flexibility to grow by expanding what you can deliver to your customers.

## ENGINEERING SOFTWARE, BUNDLED AT A COST-EFFECTIVE PRICE

Many SMBs face several obstacles and challenges - such as competing with increasing global competition and a large enterprise's seemingly limitless resources of technological capabilities. The SMBX3 Bundle helps manufacturers address increased competitive pressure, shorten cycle times, and ensure a sustainable platform for growth. This Siemens bundle is perfectly tailored to every SMB's needs and budget!

# Industry's most powerful and flexible solution, perfectly tailored to your needs and budget!

## THE SMBX3 ENGINEERING BUNDLE INCLUDES:

- Mechanical Design Bundle (Mach Design + 3 SE Classic)
- NX for Design Value-Based License
- NX for Manufacturing Value-Based License
- Xcelerator Share (Cloud Collaboration)
- Xcelerator Academy (Online Training)

## THE SMBX3 ENGINEERING BUNDLE IS OPEN FOR ALL:

The SMBX3 Engineering Bundle is open for all companies with annual revenue of less than 15M USD and must not be a division or subsidiary of an enterprise account.

The promo discount will run until March 15, 2023, only! The qualified company may purchase up to a maximum of 20 seats!

Get a chance to win exciting prizes by referring our promo to your friends! Successful referrer will get a prize from us!
